Bills

Jay read the bills. A motion was made by Mat to accept the bills as read. Seconded by Jay. All in favor.

Discussion with Rural Water

Curt Ludrigson of Rural Water wanted to know if we needed help with financing for the water tank. Mayor Howlett explained how we planned to proceed with the project. Curt suggested that if we have any other problems with our water system we should roll them into the water storage tank project. Mayor Howlett explained that we don't qualify for assistance from the USDA because our median income is too high. Mr. Ludrigson asked Mayor Howlett to call him if there was anything that Rural Water could do for the Town. Curt informed us that we need to adopt a resolution for water rate increase. He will prepare a resolution for us and send it.

Council Reports
